

## Getting Back to the Basics of Effective PLC's

Skim the DuFour article in a very quick review. If this model for professional learning, planning and practice is so powerful, why is it not more universally embraced? Your challenge is to invigorate current professional Learning communities in such a way as to build upon strengths and advantages of the model while confronting –or at least avoiding the difficulties. Use the following organizer to react to the DeFour article.

<b>Big Idea (Original Intent)</b>	<b>Where are we? (What happened?)</b>	<b>Where Do We Need to Be? (Let's go Back)</b>	<b>Strategies to Become True PLC's (Planning Success)</b>
Big Idea #1 Ensuring That Students Learn (notes)			
Big Idea #2 A Culture of Collaboration (notes)			
Big Idea #3 A Focus on Results (notes)			
Barriers (notes)
